Amaze Announces Updated Registration Statement Filing

NEWPORT BEACH, Calif., Feb. 17, 2026 (GLOBE NEWSWIRE) -- [Amaze Holdings, Inc. \(NYSE American: AMZE\)](#) (“**Amaze**” or the “**Company**”), a global leader in creator-powered commerce, today announced that on February 13, 2026 it filed an amendment to its previously filed registration statement on Form S-1, which is available [here](#).

This amendment, which relates to the Company’s existing equity line of credit agreement, is an administrative and technical update intended to maintain an accurate and current registration statement. The filing does not reflect any material change to the Company’s business, strategy, capital structure, or previously disclosed financing arrangements. The equity line facility with C/M Capital Master Fund, LP continues to reflect substantially the same economic terms previously disclosed in the Company’s public filings.

The Company currently expects the registration statement to be declared effective following the inclusion of updated financial information in its next reporting cycle, which is anticipated during the second quarter of 2026. The timing relates to the routine updating of financial statements and does not reflect any change in the Company’s plans, financing arrangements, or regulatory standing.

Importantly, the filing itself does not initiate any financing transaction, does not indicate that shares have been or will be issued at this time, and does not increase the Company’s economic obligations under the equity line facility.

Amaze continues to view the equity line as one of several potential capital resources and will evaluate its use based on market conditions and shareholder considerations. Any future issuances, if undertaken, will occur strictly in accordance with previously disclosed terms and applicable exchange requirements.

There is no immediate operational or financial impact on shareholders arising from this administrative filing, and the Company’s strategic priorities and day-to-day operations remain unchanged.
