Amaze Launches Express Checkout and Expanded Payment Options to Enhance User Experience

New Features Improve Speed, Flexibility, and Convenience for U.S. Buyers Across Amaze Storefronts

NEWPORT BEACH, CA / [ACCESS Newswire](#) / June 24, 2025 / [Amaze Holdings Inc.](#) (NYSE American:AMZE) ("Amaze" or the "Company"), a global leader in creator-powered commerce, today announced the rollout of Express Checkout and a broader range of alternative payment methods to streamline the online purchasing experience for U.S. customers.

The new capabilities include express wallet payment options such as Apple Pay, Google Pay, and Link, along with expanded alternative payment methods including Affirm, Afterpay, Cash App Pay, Klarna and instant bank payments. These updates are designed to reduce checkout friction, align with evolving buyer preferences, and ultimately increase completed purchases on Amaze digital storefronts.

"Our goal is to make the buying experience as seamless, safe, and flexible as possible," said Aaron Day, CEO of Amaze. "By supporting more of the payment options customers already trust and use, we are helping creators convert more traffic into sales and ultimately grow their digital storefronts."

Express Checkout enables customers to complete purchases quickly using the payment and shipping details already stored in their wallets, eliminating the need to re-enter information at checkout. These wallet options also leverage advanced encryption and security features provided by trusted platforms.

Alternative payment methods give customers greater financial flexibility. Services such as Affirm, Afterpay, and Klarna allow purchases to be split into manageable installments. Cash App Pay enables direct payments using existing Cash App balance, while instant bank payments allow secure transfers directly from a customer's bank account.

This latest enhancement is part of Amaze's broader strategy to support creators by optimizing the end-to-end shopping journey from product discovery to purchase completion.

Express checkout and alternative payment method options are now live on all Amaze digital storefronts for U.S. customers.
