Cautionary Statement Concerning Forward-Looking Statements

We make forward-looking statements in this Quarterly Report on Form 10-Q. In some cases, you can identify these statements by forward-looking words such as "may," "might," "should," "could," "could," "expect," "plan," "anticipate," "intend," "believe," "estimate," "predict," "potential" or "continue," and the negative of these terms and other comparable terminology. These forward-looking statements, which are subject to known and unknown risks, uncertainties, and assumptions about us, may include projections of our future financial performance based on our growth strategies and anticipated trends in our business. These statements are only predictions based on our current expectations and projections about future events. There are important factors that could cause our actual results, level of activity, performance, or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements. In particular, you should consider the numerous risks and uncertainties described in the section titled "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022 and elsewhere such Annual Report, in the other reports and documents that we file with the SEC, and in this Quarterly Report on Form 10-Q.

While we believe we have identified material risks, these risks and uncertainties are not exhaustive. New risks and uncertainties emerge from time to time, and it is not possible to predict all risks and uncertainties, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, level of activity, performance, or achievements. Moreover, neither we nor any other person assumes responsibility for the accuracy or completeness of any of these forward-looking statements. You should not rely upon forward-looking statements as predictions of future events. The forward-looking statements in this report represent our views as of the date on which the statements are made. We undertake no obligation to update any forward-looking statements whether as a result of new information, future developments or otherwise, and we do not intend to do so.

Forward-looking statements include, but are not limited to, statements about:

- our ability to continue as a going concern in the absence of obtaining additional financing;
- our ability to obtain additional financing within timeframes required on terms acceptable to us, or at all;
- our ability to hire additional personnel and to manage the growth of our business;
- our reliance on our brand name, reputation and product quality;
- our ability to adequately address increased demands that may be placed on our management, operational and production capabilities.
- the effectiveness of our advertising and promotional activities and investments;
- our reliance on celebrities to endorse our wines and market our brand;
- general competitive conditions, including actions our competitors may take to grow their businesses;
- fluctuations in consumer demand for wine;
- overall decline in the health of the economy and consumer discretionary spending;
- the occurrence of adverse weather events, natural disasters, public health emergencies, including the COVID-19 pandemic, or other unforeseen circumstances that may cause delays to or interruptions in our operations;

- risks associated with disruptions in our supply chain for grapes and raw and processed materials, including corks, glass bottles, barrels, winemaking additives and agents, water and other supplies;
- disrupted or delayed service by the distributors we rely on for the distribution of our wines;
- our ability to successfully execute our growth strategy, including continuing our expansion in the direct-to-consumer sales channel;
- quarterly and seasonal fluctuations in our operating results;
- our success in retaining or recruiting, or changes required in, our officers, key employees or directors;
- our ability to protect our trademarks and other intellectual property rights, including our brand and reputation;
- our ability to comply with laws and regulations affecting our business, including those relating to the manufacture, sale and distribution of wine;
- the risks associated with the legislative, judicial, accounting, regulatory, political and economic risks and conditions;
- claims, demands and lawsuits to which we are, and may in the future, be subject and the risk that our insurance or indemnities coverage may not be sufficient;
- our ability to operate, update or implement our IT systems;
- our ability to successfully pursue strategic acquisitions and integrate acquired businesses;
- our ability to implement additional finance and accounting systems, procedures and controls in order to satisfy public company reporting requirements;
- the potential liquidity and trading of our securities; and
- the future trading prices of our common stock and the impact of securities analysts' reports on these prices.

In addition, statements that "we believe" and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based on information available to us as of the date of this report. Although we believe that information provides a reasonable basis for these statements, that information may be limited or incomplete. Our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all relevant information. These statements are inherently uncertain, and investors are cautioned not to unduly rely on these statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

Fresh Vine Wine, Inc. (the Company), a Nevada corporation, is a premium wine brand built to complement consumers' healthy and active lifestyles. The Company provides a competitively priced premium product that is blended to deliver several important benefits, such as low-cal, low-sugar, low-carb. The Company's wines are also gluten-free and keto and vegan friendly.

The Company's revenue is comprised primarily of wholesale and direct to consumer (DTC) sales, and representation and distribution services. Wholesale revenue is generated through sales to distributors located in states throughout the United States of America and Puerto Rico. DTC revenue is generated from individuals purchasing wine directly from the Company through club membership and the Company's website. Representation and distribution service revenue is generated by providing third party wine producers with access to new markets and distribution channels.

Basis of Presentation

The Company's financial statements have been prepared and are presented in accordance with United States generally accepted accounting principles ("U.S. GAAP"). The financial statements include, in the opinion of the management, all adjustments, consisting of normal and recurring items, necessary for the fair presentation of the financial statements. In certain instances, amounts reported in prior period financial statements have been reclassified to conform to the current financial statement presentation.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. These financial statements should be read in conjunction with the Company's financial Statements and notes thereto for the fiscal year ended December 31, 2022, included in the Company's Annual Report on Form 10-K.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with U.S. GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include contingent liabilities, allowance for doubtful accounts, allowance for inventory obsolescence, equity-based compensation for employees and non-employees, and the valuation of deferred tax assets.

Application of New or Revised Accounting Standards

Pursuant to the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"), a company constituting an "emerging growth company" is, among other things, entitled to rely upon certain reduced reporting requirements and is eligible to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies.

The Company is an emerging growth company and has elected to use this extended transition period for complying with new or revised accounting standards that have different effective dates for public and private companies until the earlier of the date that the Company (i) is no longer an emerging growth company or (ii) affirmatively and irrevocable opts out of the extended transition period provide in the JOBS Act.

Going Concern and Liquidity

Historically, the Company has incurred losses, which has resulted in an accumulated deficit of approximately \$17.8 million as of March 31,2023. Cash flows used in operating activities were \$2.1 million and \$4.5 for the three months ended March 31, 2023 and 2022, respectively. As of March 31, 2023, the Company had approximately a \$5.8 million of working capital , inclusive of \$2.6 in cash and cash equivalents to cover expenses.

The Company's ability to continue as a going concern is dependent on its ability to meet its liquidity needs through a combination of factors including but not limited to, cash and cash equivalents, working capital and strategic capital raises. The ultimate success of these plans is not guaranteed.

In considering our forecast for the next twelve months and the current cash and working capital as of the filing of this Form 10-Q, such matters create a substantial doubt regarding the Company's ability to meet our financial needs and continue as a going concern.

The Company currently holds no debt and may need to seek debt or equity financing in the near term to sustain existing operations. If adequate financing is not available, the Company may be forced to curtail near-term growth priorities, take measures to severely reduce our expenses and business operations, or discontinue them completely. Such financing may be dilutive. At the current pace of incurring expenses and without receipt of additional financing, the Company projects that the existing cash balance will be sufficient to fund current operations into the third quarter of 2023, after which additional financing will be needed to satisfy obligations.

These factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Recently Issued Accounting Pronouncements

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments–Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments*, and also issued subsequent amendments to the initial guidance, collectively, ASC 326, to replace the incurred loss impairment methodology in current U.S. GAAP with a methodology that requires the reflection of expected credit losses and will also require consideration of a broader range of reasonable and supportable information to determine credit loss estimates. For many entities with financial instruments, the standard will require the use of a forward-looking expected loss model rather than the incurred loss model for recognizing credit losses, which may result in the earlier recognition of credit losses on financial instruments. The Company adopted this guidance during the quarter ended March 31, 2023, which had no material impact on the financial statements.

2. REVENUE RECOGNITION

The Company's total revenue reflects the sale of wine domestically in the U.S. to wholesale distributors or DTC and related party service revenues. Under ASC Topic 606, *Revenue from Contracts with Customers* ("ASC 606"), the Company recognizes revenue when control of the promised good is transferred to the customer in an amount that reflects the consideration for which the Company is expected to be entitled to receive in exchange for those products. Each contract includes a single performance obligation to transfer control of the product to the customer. Control is transferred when the product is either shipped or delivered, depending on the shipping terms, at which point the Company recognizes the transaction price for the product as revenue. The Company has elected to account for shipping and handling as a fulfillment activity, with amounts billed to customers for shipping and handling included in total revenue.

The Company also generates revenue through membership in its wine club. Wine club members pay a monthly fee, which varies depending on level of membership, and are entitled to receive quarterly shipments of wine, free shipping, and discounts on other wine and merchandise purchased. The Company recognizes revenue for the monthly membership dues when the product is delivered. Any membership dues received before the product is delivered is recorded as deferred revenue on the Company's balance sheet.

The Company has determined that related party service revenue should be recognized over the period of time it provides such services. ASC 606 also notes that when another party is involved in providing goods or services to a customer, the entity should determine whether the nature of its promise is a performance obligation to provide the specified goods or services itself (that is, the entity is a principal) or to arrange for those goods or services to be provided by the other party (that is, the entity is an agent). The Company does not bear responsibility for inventory losses and does not have pricing determination; therefore, the Company would be considered the agent and revenue should be recognized as net sales.

The following table presents the percentages of total revenue disaggregated by sales channels for the three month periods ended March 31, 2023 and 2022:

	Three month	ns ended
	March 31, 2023	March 31, 2022
Wholesale	71%	57%
Direct to consumer	29%	27%
Related party	-	16%
Total revenue	100%	100%

3. LOSS PER SHARE

Basic net loss per share is determined by dividing net loss attributable to shareholders by the weighted-average shares outstanding during the period. Diluted EPS reflects potential dilution and is computed by dividing net loss by the weighted average number of common shares outstanding during the period increased by the numbers of additional common shares that would have been outstanding if all potential common shares had been issued and were dilutive. However, potentially dilutive securities are excluded from the computation of diluted EPS to the extent that their effect is anti-dilutive. The following table presents a reconciliation between basic and diluted net loss per share for the three month periods ending:

	Three Months Ended				
	Ι	March 31,			
		2023	Ma	arch 31, 2022	
Numerator:					
Net loss attributable to Fresh Vine Wine shareholders	\$	(2,010,824)	\$	(4,286,243)	
Denominator:

Basic loss per share attributable to Fresh Vine Wine shareholders:	\$	(0.15)	\$	(0.35)	
Diluted loss per share attributable to Fresh Vine Wine shareholders:	\$	(0.15)	\$	(0.35)	

At March 31, 2023 and 2022, 3,211,563 and 2,531,794 shares have been excluded from the calculation of diluted weighted average shares outstanding as the inclusion of these shares would have an anti-dilutive effect.

4. INVENTORIES

Inventories primarily include bottled wine which is carried at the lower cost (calculated using the average cost method) or net realizable value. Inventories consist of the following at:

	М	arch 31, 2023	De	cember 31, 2022
Inventory – finished goods	\$	3,454,799	\$	3,683,159
Inventory – merchandise		13,039		13,039
Total	\$	3,467,838	\$	3,696,198

5. PREPAID EXPENSES AND OTHER ASSETS

Prepaid expenses and other assets consist of the following at:

	Ν	March 31, 2023		,		cember 31, 2022
Prepaid marketing expenses – current	\$	313,000	\$	313,000

Other prepaid expenses		154,321		78,834		
Total	\$	1,637,468	\$	1,639,378		

6. ACCRUED EXPENSES

Accrued expenses consist of the following at:

	March 31, 2023	De	ecember 31, 2022
Sponsorship agreements	\$ 287,158	\$	234,494
Accrued credit card charges	13,822		21,013

Other accrued expenses	50,390		60,000
Total	\$ 526,370	\$	422,931

The sponsorship agreements relate to marketing contracts with unrelated parties within the sports and entertainment industry. The terms of the agreements range from two to four years with annual payments range from \$103,000 to \$216,000 per agreement. The total expense relating to these agreements for the three month periods ended March 31, 2023 and 2022 was \$52,664 and \$181,437, respectively.

Accrued credit card charges primarily consist of warehouse, shipping and other operating costs paid via a Company credit card as a tool for managing cashflow.

7. STOCKHOLDERS EQUITY

Rights offering

During the first quarter of 2023, the Company distributed, at no charge to holders of the Company's common stock, non-transferable subscription rights to purchase up to an aggregate of 6,366,129 Units. Each Unit consisted of one share of our common stock and a Warrant to purchase one share of our common stock. The Warrants were exercisable immediately, expire five years from the date of issuance and have an exercise price of \$1.25 per share. For each share of common stock held by a stockholder of the Company on February 22, 2023, the record date of the Rights Offering, such stockholder received 0.5 subscription rights. Each whole subscription right allowed the holder thereof to subscribe to purchase one Unit, which we refer to as the basic subscription right, at a subscription price of \$1.00 per Unit. In addition, any holder of subscription rights exercising his, her or its basic subscription right in full was eligible to subscribe to purchase additional Units that remained unsubscribed in the Rights Offering at the same subscription price per Unit that applied to the basic subscription right, subject to proration among participants exercising their over-subscription privilege, which we refer to as the over-subscription privilege. The subscription rights period expired on March 9, 2023, and resulted in stockholders subscription for 3,143,969 Units. Upon the closing of the Rights Offering, which occurred on March 14, 2023, we issued 3,143,969 shares of common stock and 3,143,969 warrants and received agregate gross cash proceeds of approximately \$3.14 million. After deducting dealer-manager fees and other fees and expenses related to the Rights Offering, we neeived net proceeds of up to approximately \$3.93 million may be received through the exercise of warrants issued in the Rights Offering. The Rights Offering to a perpoximately \$3.93 million may be received through the exercise of warrants issued in the Rights Offering. The Rights Offering as made pursuant to a registration statement on Form S-1 (Registration

8. EQUITY BASED COMPENSATION

As of March 31, 2023, there was \$912,917 of unrecognized equity-based compensation expense recorded in prepaid expenses and other assets. The estimated expense for various marketing and advertising services in exchange for common stock, for the periods subsequent to March 31, 2023 is as follows:

	Ma	vertising and rketing xpense
2023 2024 2025 2026		234,750
2024		313,000
2025		313,000
2026		52,167
	\$	912,917

Shares of Restricted Stock

During the first quarter of 2023, 6,666 shares of restricted stock from previous periods were forfeited by employees that terminated their employment. The new grant of 500,000 shares of restricted stock relates to the settlement reached with a previous employee, as further disclosed in Note 12. Stock compensation expense related to restricted stock issuances amounted to \$188,500 and \$1,602,797 for the three months ended March 31, 2023 and 2022 respectively. Total unrecognized equity-based compensation expense is \$377,000 related to restricted stock as of March 31, 2023.

Restricted stock activity as of and during the three-month period ended March 31, 2023 was as follows:

	Number of Shares of Restricted Stock	Weighted Average Remaining Vesting Term (Years)
Outstanding at December 31, 2022	6,666	0.90
Granted	500,000	0.50
Vested or released	-	-
Forfeited	(6,666)	-
Outstanding at March 31, 2023	500,000	0.32

Vendor Stock Awards

Vendor stock award activity subject to revenue-related performance conditions during the three-month period ended March 31, 2023 was as follows:

	Number of Shares of Vendor Stock Awards	Weighted Average Remaining Vesting Term (Years)
Outstanding at December 31, 2022	1,030,000	2.25
Granted	-	-
Vested	-	-
Expired	-	-
Outstanding at March 31, 2023	1,030,000	2.00

For stock awards that contain revenue-related performance conditions, compensation cost is recognized in the period in which it becomes probable that the performance condition will be satisfied. Stock compensation expense related to vendor stock awards subject to revenue-related performance conditions totaled \$15,500 and \$0 for the three months ended March 31, 2023 and 2022, respectively. Total unrecognized stock-based compensation expense related to vendor stock awards is \$1,256,200 as of March 31, 2023.

Stock Options

Stock option activity as of and during the three-month period ended March 31, 2023 was as follows:

	Number of Options	Weighted Average Exercise Price	Weighted Average Remaining Contract Term (Years)
Outstanding at December 31, 2022	1,574,892	9.67	8.94
Granted	-	-	-
Exercised	-		-
Forfeited	(3,333)	2.78	-

Exercisable at March 31, 2023	38,703	3.03	9.42

Stock compensation expense related to option issued amounted to \$53,672 and \$221,536 for the three months ended March 31, 2023 and 2022 respectively. Total unrecognized equity-based compensation expense is \$123,163 related to stock options as of March 31, 2023.

Warrants

During the first quarter of 2023, no warrants from previous periods were exercised or forfeited. As described above, 3,143,969 warrants were granted as part of the Rights Offering, as disclosed in Note 7.

	Number of Warrants	Weighted Average Exercise Price	Weighted Average Remaining Contract Term (Years)
Outstanding at December 31, 2022	110,000	12.00	3.71
Granted	3,143,969	1.25	5.00
Exercised	-		-
Forfeited			-
Outstanding at March 31, 2023	3,253,969	1.61	4.91

The Company uses the Black-Scholes option-pricing model to estimate the fair value of equity-based awards. The inputs for the Black-Scholes valuation model require management's significant assumptions. Prior to the Company's IPO, the price per share of common stock was determined by the Company's board based on recent prices of common stock sold in private offerings. Subsequent to the IPO, the price per share of common stock is determined by using the closing market price on The NYSE American stock exchange on the grant date. The risk-free interest rates, ranging from 0.02% to 4.45%, are based on the rate for U.S. Treasury securities at the date of grant with maturity dates approximately equal to the expected life of the awards at the grant date. The expected term for employee and nonemployee awards ranged from 3 to 10 years based on industry data, vesting period, contractual period, among other factors. The expected volatility was estimated at 175% based on historical volatility information of peer companies that are publicly available in combination with the Company's calculated volatility since being publicly traded. The Company does not expect to pay dividends. For awards with a performance condition, stock compensation is recognized over the requisite service period if it is probable that the performance condition will be satisfied.

9. INCOME TAXES

The Company has federal and state net operating loss carryforwards with a full valuation allowance against the deferred tax assets as of March 31, 2023. No income tax expense or benefit was recorded for the three month periods ended March 31, 2023 and 2022 due to the Company's net loss position.

10. SUPPLIER AND CUSTOMER CONCENTRATION

The Company has an agreement with an unrelated party for various wine making activities, including production, bottling, labeling, and packaging. The Company purchases finished goods through blanket sales orders that require a minimum 20% deposit. In addition to the purchases of finished goods, the Company pays certain storage, administrative fees and taxes related to the purchased goods. There is no specified term of the agreement but continues as additional blanket sales orders are issued. For the three month periods ended March 31, 2023 and 2022, substantially all of the Company's inventory purchases were from this supplier.

The Company also engages with other suppliers as needed for the purchase of a select varietal of wine to be offered in limited quantities. There are no formal agreements due to the infrequency of activity with these suppliers.

A significant portion of the Company's wholesale revenue comes from two national distributor customers that operate in several markets. For the three month periods ended March 31, 2023 and 2022, approximately 73% and 56% respectively of the Company's wholesale revenue came from these two customers. As of March 31, 2023 and 2022, these customers accounted for approximately 73% and 56% respectively of accounts receivable.

11. COMMITMENTS AND CONTINGENCIES

During March 2021, the Company entered into two license agreements with the Class F partner investors for marketing and advertising services. The agreements require ongoing payments of \$300,000 per agreement each year for an initial term of five years. Additionally, the agreements require the Company to reimburse out of pocket expenses related to promotion of the Company's products. In November 2021, the agreements were amended to include, among other provisions, partners investor options to terminate the agreements if a \$5 million EBITDA threshold is not met in either 2022 or 2023. The net expense was \$120,000 and \$20,000 for the three month periods ended March 31, 2023 and 2022 respectively.

License Agreements

The estimated expense related to the license agreements for the periods ending December 31 subsequent to March 31, 2023 is as follows:

				М	lvertising and Iarketing Expense
2023				\$	360,000
2024					480,000
2025					480,000
2026					80,000
				\$	1,400,000

Sponsorship Agreements

The estimated expense for the sponsorship agreements as described in Note 6 for the periods ending December 31 subsequent to March 31, 2023 is as follows:

	Advertising and Marketing Expense
2023 2024	\$ 319,761
2024	160,147
	\$ 479,908

12. LEGAL PROCEEDINGS

Timothy Michaels

On February 24, 2022, Timothy Michaels, the former Chief Operating Officer of the Company, signed a Separation Agreement and Release (the "Separation Agreement") in connection with the termination of his employment with the Company, which occurred on February 7, 2022.

On May 27, 2022, Mr. Michaels filed a complaint against the Company in the Fourth Judicial District Court, Hennepin County, Minnesota, alleging that the Company breached the February 24, 2022 Separation Agreement by including a restricted "lock-up" legend on shares of the Company's common stock issued to Mr. Michaels pursuant to the Settlement Agreement. The complaint also included counts alleging breach of the implied covenant of good faith and fair dealing, issuer liability under Minn. Stat. § 336.8-401 for delay in removing or directing the Company's transfer agent to remove the lock-up legend from the shares, conversion and civil theft.

The Company has denied the allegations and intends to vigorously defend against the lawsuit. The Company has made a motion seeking dismissal of the conversion and civil theft counts, which was granted by the Fourth Judicial District Court, Hennepin County, Minnesota on October 31, 2022. The action remains pending.

Janelle Anderson Litigation Settlement and Related Founder Share Forfeitures

The Company was a party to an action pending in Hennepin County District Court, captioned Janelle Anderson v. Fresh Vine Wine, Inc., Damian Novak, and Rick Nechio, Court File No. 27-CV-22-11491 (the "Lawsuit"), in which Ms. Anderson alleged, among other things, that the Company terminated her employment in retaliation for reports of alleged wrongdoing pursuant to the Minnesota Whistleblower Act. Defendants also included Damian Novak, former Executive Chairman and a former director of the Company, and Rick Nechio, former interim Chief Executive Officer and a director of the Company. The suit was dismissed on March 6, 2023, with prejudice.

On January 27, 2023, the Company entered into a Global Mutual Compromise, Release and Settlement Agreement (the "Settlement Agreement") among Ms. Anderson and each of Messrs. Novak and Nechio. Pursuant to the Settlement Agreement, Ms. Anderson agreed to dismiss the Lawsuit with prejudice and to file with the court any and all documents necessary to effect such dismissal with prejudice within five business days after all settlement consideration has been actually received by her, and the parties agreed to general mutual releases. The Company also agreed to indemnify Ms. Anderson and hold her harmless against any liability, civil damages, penalties, or fines claimed against her for any of her actions done within the course and scope of her employment with the Company as required by Minn. Stat. §181.970, and under any applicable insurance policies, including but not limited to any directors and officers policies. The Settlement Agreement also contains a non-disparagement provision.

As consideration for Ms. Anderson's dismissal and release, and provided that she does not revoke or rescind the Settlement Agreement within prescribed time periods, the Company agreed to make a cash payment to Ms. Anderson in the amount of \$1,250,000, less certain attorney fees and relevant taxes and other withholdings, in a lump sum. The Company recouped approximately \$805,000 of this cash payment from insurance coverage. The cash payment is in addition to the \$400,000 that the Company previously paid to Ms. Anderson in January 2023 in respect of 2022 bonus compensation earned by Ms. Anderson under her employment agreement while employed by the Company. Also as contemplated by the Settlement Agreement, the Company and Ms. Anderson agreed to enter into a consulting agreement (the "Anderson Consulting Agreement") pursuant to which Ms. Anderson would provide certain consulting services to the Company for a period of six months. As consideration for such services, the Company agreed to grant and issue to Ms. Anderson 500,000 shares of the Company's common stock (the "Anderson Consulting Shares") from the Company's 2021 Equity Incentive Plan (the "Anderson Consulting Share Grant"). The cash payment and the Anderson Consulting Share Grant were scheduled to be made at the "closing" of the Settlement Agreement (the "Settlement Closing"), subject to Ms. Anderson not revoking or rescinding the Settlement Agreement during the applicable revocation period. The Settlement Closing was completed on February 20, 2023, with prejudice.

Also pursuant to the Settlement Agreement, Damian Novak, former Executive Chairman and director, resigned as Executive Chairman and removed himself from his management duties with the Company effective February 20, 2023, and has agreed to resign from our board of directors promptly following completion of the subscription rights offering on March 14, 2023. In addition, Rick Nechio, the Company's former interim Chief Executive Officer and director, resigned from our board of directors effective February 20, 2023.

In conjunction with entering into the Settlement Agreement, Rick Nechio and Damian Novak entered into Agreements to Forfeit Shares of Common Stock (the "Forfeiture Agreements") pursuant to which each agreed to forfeit and transfer back to the Company without consideration 250,000 shares of common stock of the Company held by them (a total of 500,000 shares), to enable the Company to issue the Anderson Consulting Shares to Ms. Anderson without subjecting the Company's other stockholders to dilution therefrom (the "Anderson Consulting-related Forfeitures"). The Anderson Consulting-related Forfeitures became effective in connection with the Settlement Closing.

13. SUBSEQUENT EVENTS

Effective April 25, 2023, the Board of Directors of the Company (the "Board") appointed Roger Cockroft to serve as Chief Executive Officer of the Company, succeeding Rick Nechio.

In connection with the Chief Executive Officer appointment, the Company entered into an employment agreement with Mr. Cockroft dated April 25, 2023. Under the employment agreement, which is for an indefinite term, Mr. Cockroft is entitled to receive annual base salary of \$450,000 and is eligible to receive an annual cash bonus commencing in 2024 (the "Bonus"), the target amount of which will be equal to 50% of his base salary. The Bonus is payable in a combination of cash and shares of common stock issued out of the Company's 2021 Equity Incentive Plan (the "Equity Incentive Plan") valued at the closing price of the Company's common stock on the vesting date. Unless agreed otherwise, the cash portion of the Bonus will be the minimum amount of income withholding taxes resulting from payment of the entire Bonus. To the extent that there are not sufficient available shares reserved for issuance under the Equity Incentive Plan (or successor plans) to support Bonus payments otherwise payable in stock, the Company will pay such Bonus payments in cash.

During the first 12 months of his employment term, 50% of Mr. Cockroft's salary, or \$225,000, will be paid in cash. In lieu of cash salary in the amount of the remaining \$225,000, the Company granted Mr. Cockroft an inducement award of 463,917 shares of restricted stock (the "Restricted Stock") upon the commencement of his employment. The Restricted Stock award is subject to transfer and forfeiture restrictions that are scheduled to lapse in four installments as nearly equal in amount as possible on the three, six, nine and twelve month anniversaries of the grant date, subject to continued employment.

Also upon commencement of his employment, Mr. Cockroft was granted (i) a 1,000,000 share stock option award (the "Stock Option"), and (ii) a restricted stock unit award ("RSUs"). The Stock Option has an exercise price equal to \$1.00 per share and, subject to continued employment, is scheduled to vest with respect to 250,000 shares on the one-year anniversary of the grant date and, thereafter, is scheduled to vest in 36 monthly installments as nearly equal in amount as possible commencing on the 13th month anniversary of the grant date and continuing on each one month anniversary thereafter. The RSUs have a target payout amount equal to \$154,726. The amount of the RSU award actually payable will be determined by the Board (or a compensation committee thereof) based on the satisfaction of 2023 performance objectives. The RSUs will be settled in shares of the Company's common stock valued at the most recent closing price of the Company's common stock on the payment date, subject to Mr. Cockroft's right to forfeit shares to satisfy tax withholding obligations.

The grants of the Restricted Stock award, the Stock Option and the RSUs were made separately from the Company's 2021 Equity Incentive Plan (the "Equity Incentive Plan") as inducements material to Mr. Cockroft entering into employment with the Company.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with the financial statements and related notes to those statements as included elsewhere in this Quarterly Report on Form 10-Q. In addition to historical financial information, the following discussion and analysis contains forward-looking statements that involve risks, uncertainties, and assumptions. See "Cautionary Note Regarding Forward-looking Statements" included elsewhere in this Quarterly Report on Form 10-Q. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors, including those discussed in Part I "Item 1A. Risk Factors" included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

Overview

Fresh Vine Wine, Inc. (the "Company") is a premier producer of low carb, low calorie, premium wines in the United States. Founded in 2019, Fresh Vine Wine brings an innovative "better-for-you" solution to the wine market. We currently sell seven proprietary varietals: Cabernet Sauvignon, Pinot Noir, Chardonnay, Sauvignon Blanc, Rosé, Sparkling Rosé, and a limited Reserve Napa Cabernet Sauvignon. All varietals are produced and bottled in Napa, California.

Our wines are distributed across the United States and Puerto Rico through wholesale, retail, and direct-to-consumer (DTC) channels. We are able to conduct wholesale distribution of our wines in all 50 states and Puerto Rico, and we are licensed to sell through DTC channels in 43 states. As of March 31, 2023, we hold active relationships with wholesale distributors in 50 states, up from 48 states as of December 31, 2022. We are actively working with leading distributors, including Southern Glazer's Wine & Spirits (SGWS), Johnson Brothers, and Republic National Distributing Company (RNDC), to expand our presence across the contiguous United States.

Our core wine offerings are priced strategically to appeal to mass markets and sell at a list price between \$15 and \$25 per bottle. Given the Fresh Vine Wine brand's celebrity backing, "better-for-you" appeal, and overall product quality, we believe that it presents today's consumers with a unique value proposition within this price category. Additionally, Fresh Vine Wine is one of the very few products available at this price point that includes a named winemaker, Jamey Whetstone.

Our marketing activities focus primarily on consumers in the 21-to-34 year old demographic with moderate to affluent income and on those with a desire to pursue healthy and active lifestyles.

Our asset-light operating model allows us to utilize third-party assets, including land and production facilities. This approach helps us mitigate many of the risks associated with agribusiness, such as isolated droughts or fires. Because we source product inputs from multiple geographically dispersed vendors, we reduce reliance on any one vendor and benefit from broad availability/optionality of product inputs. This is particularly important as a California-based wine producer where droughts or fires can have an extremely detrimental impact to a company's supply chain if not diversified.

Key Financial Metrics

We use net revenue, gross profit (loss) and net income (loss) to evaluate the performance of Fresh Vine Wine. These metrics are useful in helping us to identify trends in our business, prepare financial forecasts and make capital allocation decisions, and assess the comparable health of our business relative to our direct competitors.

	 Three mon March 3	
	 2023	2022
Net revenue	\$ 408,630	\$ 929,125
Gross profit (loss)	\$ (3,361)	\$ 317,073
Net loss	\$ (2,010,824)	\$ (4,290,711)

Components of Results of Operations and Trends That May Impact Our Results of Operations

Net Revenue

Our net revenue consists primarily of wine sales to distributors and retailers, which together comprise our wholesale channel, and directly to individual consumers through our DTC channel. Net revenues generally represent wine sales and shipping, when applicable, and to a lesser extent branded merchandise and wine club memberships. For wine and merchandise sales, revenues are recognized at time of shipment. For Wine Club memberships, revenues are recognized quarterly at the time of fulfilment.

We refer to the volume of wine we sell in terms of cases. Each case contains 12 standard bottles, in which each bottle has a volume of 750 milliliters. Cases are sold through Wholesale/Retail or DTC channels.

The following factors and trends in our business have driven our net revenue results and are expected to be key drivers of our net revenue for the foreseeable future:

Brand recognition: As we expand our marketing presence and drive visibility through traditional and modern marketing methods, we expect to build awareness and name recognition for Fresh Vine Wine in consumers' minds. Brand awareness will be built substantially through social media channels, where we are able to immediately access more than 30 million potential consumers through our celebrities' Instagram and Facebook platforms.

Portfolio evolution: As a relatively new, high-growth brand, we expect and seek to learn from our consumers. We will continuously evolve and refine our products to meet our consumers' specific needs and wants, adapting our offering to maximize value for our consumers and stakeholders. Our growth mindset, coupled with our differentiated production and distribution platform, will enable us to accelerate growth and deliver on our value proposition over time.

One way in which we will evolve our portfolio is through product extensions. Fresh Vine Wine added a sixth varietal, Sauvignon Blanc, late in the second quarter of 2022 and seventh varietal, Sparkling Rosé, in the third quarter of 2022, currently offering seven varietals (Cabernet Sauvignon, Cabernet Sauvignon Reserve, Pinot Noir, Chardonnay, Sauvignon Blanc, Rosé, and Sparkling Rosé) within our product portfolio. In the future, we can use the same knowledge and supplier networks to launch new varietals with much greater efficiency than we were previously able to achieve.

Distribution expansion and acceleration: Purchasing by distributors and loyal accounts that continue to feature our wines are key drivers of net revenue. We plan to continue broadening our distributor network, adding new geographies, and increasing each distributor's average order size as we accelerate growth.

Seasonality: In line with industry norms, we anticipate our net revenue peaking during the quarter spanning from October through December due to increased consumer demand around the major holidays. This is particularly true in our DTC revenue channel, where marketing programs will often be aligned with the holiday season and product promotions will be prevalent.

Revenue Channels

Our sales and distribution platform is built upon a highly developed network of distributor accounts. Within this network, we have signed agreements in place with several of the nation's largest distributors including Southern Glazer's Wine & Spirits and RNDC, among others. While we are actively working with these distributors in certain markets, they operate across the United States, and we intend to grow our geographic/market presence through these relationships. The development of these relationships and impacts to our related product mix will impact on our financial results as our channel mix shifts.

- Wholesale channel: Consistent with sales practices in the wine industry, sales to retailers and distributors occur below SRP (Suggested Retail Price). We work closely
 with distributors to increase wine volumes and the number of products sold by their retail accounts in their respective territories.
- DTC channel: Wines sold through our DTC channels are generally sold at SRP, although we do periodically offer various promotions. Our DTC channel continues to
 grow as a result of a number of factors, including expanded e-commerce sites and social media capabilities.
- Related party services: We previously entered into service agreements with related parties in the wine industry to provide representation and distribution services. These services were suspended in June 2022 to allow the Company's lean team to prioritize the growth and expansion of the Fresh Vine Wine brand.

Wholesale channel sales made on credit terms generally require payment within 30 days of delivery; however our credit terms with Southern Glazer's Wine & Spirits requires payment within 60 days of delivery. During periods in which our net revenue channel mix reflects a greater concentration of wholesale sales, we typically experience an increase in accounts receivable for the period to reflect the change in sales mix; payment collections in the subsequent period generally reduce our accounts receivable balance and have a positive impact on cash flows.

While we seek to increase revenue across all channels, we expect the majority of our future revenue to be driven through the wholesale channel. We intend to maintain and expand relationships with existing distributors and form relationships with new distributors as we work to grow the Company. With multiple varietals within the Fresh Vine Wine portfolio, we consider ourselves to be a 'one-stop shop' for better-for-you wines. We continue to innovate with new products at competitive price points and strive to enhance the experience as we increase revenue with new and existing consumers.

In the DTC channel, our comprehensive approach to consumer engagement in both online and traditional forums is supported by an integrated e-commerce platform. Our marketing efforts target consumers who have an interest in healthy and active lifestyles. We attempt to motivate consumers toward a simple and easy purchasing decision using a combination of defined marketing programs and a modernized technology stack.

Increasing customer engagement is a key driver of our business and results of operations. We continue to invest in our DTC channel and in performance marketing to drive customer engagement. In addition to developing new product offerings and cross-selling wines in our product portfolio, we focus on increasing customer conversion and retention. As we continue to invest in our DTC channel, we expect to increase customer engagement and subsequently deliver greater satisfaction. We also distribute our wines via other wine e-commerce sites such as Wine.com and Vivino.com and plan to continue to add affiliate retail websites.

Net Revenue Percentage by Channel

We calculate net revenue percentage by channel as net revenue made through our wholesale channel to distributors, through our wholesale channel directly to retail accounts, and through our DTC channel, respectively, as a percentage of our total net revenue. We monitor net revenue percentage across revenue channels to understand the effectiveness of our distribution model and to ensure we are employing resources effectively as we engage customers. See Note 2 to the accompanying financial statements for further details.

	Three mont	
	2023	2022
Wholesale	71%	57%
Direct to consumer	29%	27%
Related party service	-	16%
	100%	100%

Cost of Revenues

Cost of revenues (or cost of goods sold) is comprised of all direct product costs such as juice, bottles, caps, corks, labels, capsules, storage and shipping. Additionally, we also categorize boxes and quality assurance testing within our cost of revenues. We expect that our cost of revenues will increase as our net revenue increases. As the volume of our product input increases, we intend to work to renegotiate vendor contracts with key suppliers to reduce overall product input costs as a percentage of net revenue.

Additionally, the Company includes shipping fees in all DTC revenues. These fees are paid by end consumers at time of order and subsequently itemized within the cost of each individual sale.

As a commodity product, the cost of wine fluctuates due to annual harvest yields and the availability of juice. This macroeconomic consideration is not unique to Fresh Vine Wine, although we are conscious of its potential impact to our product cost structure.

Gross Profit (Loss)

Gross profit (loss) is equal to our net revenue less cost of revenues. As we grow our business in the future, we expect gross profit to increase as our revenue grows and as we optimize our cost of revenues.

Selling, General, and Administrative Expenses

Selling, general, and administrative expenses consist of selling expenses, marketing expenses, and general and administrative expenses. Selling expenses consist primarily of direct selling expenses in our wholesale and DTC channels, including payroll and related costs, product samples, processing fees, and other outside service fees or consulting fees. Marketing expenses consist primarily of advertising costs to promote brand awareness, contract fees incurred as a result of significant sports marketing agreements, customer retention costs, payroll, and related costs. General and administrative expenses consist primarily of payroll and related costs.

Equity-Based Compensation

Equity-based compensation consists of the non-cash expense resulting from our issuance of equity or equity-based grants issued in exchange for employee or nonemployee services. We measure equity-based compensation cost at the grant date based on the fair value of the award and recognize the compensation expense over the requisite service period, which is generally the vesting period. We recognize any forfeitures as they occur.

Gross profit (loss)	\$	(3,362)	\$	317,073	(320,435)	(101)%	

For the three months ended March 31, 2023, net revenue was lower compared to the same periods in 2022 due to timing of orders and seasonality. For the three months ended March 31, 2023, we experienced a decrease of 56% in net revenue compared to the same period in 2022. For the three-month period ended March 31, 2023 the Company experienced a gross loss due to the timing of revenue recognition as net revenues for product shipped were insufficient to cover fixed costs such as storage and shipping fees in combination with variable product costs.

Total selling, general and administrative expenses	\$ 1,672,766	\$	2,705,200	\$	(1,032,434)		(38)%

For the three months ended March 31, 2023, Selling and Marketing expenses increased 8% and 22%, respectively, compared to the same periods in 2022. The increase in selling expenses primarily relates to our sponsorship agreements in the sports and entertainment industry. The period-over-period increase in marketing expenses primarily resulted from increased advertising, social media marketing, tastings, and other promotion materials and events. General and administrative expenses were reduced primarily due to the reduction of headcount.

Financing activities	 2,615,014		(370,838)	
Net (decrease) increase in cash	\$ 523,205	\$	(4,913,783)	

Cash used in operating activities decreased in the 2023 period primarily due to the fact that no inventory purchases were made to maintain our inventory levels to meet demand.

Net cash provided by financing activities was \$2,615,014, raised in the Rights Offering (detailed in Note 7 in the financial statements) that was completed on March 14, 2023 and net cash used in financing activities of \$370,838 for the three months ended March 31, 2022.

Liquidity and Capital Resources

Our primary cash needs are for working capital purposes, such as producing or purchasing inventory and funding operating expenses. We have funded our operations through equity and debt financings, as described under the caption "Financing Transactions" below.

We have incurred losses and negative cash flows from operations since our inception in May 2019, including net losses of approximately (\$2.0) million and (\$15.2) million during the three months ended March 31, 2023 and the year ended December 31, 2022, respectively. As of March 31, 2023, we had an accumulated deficit of approximately \$17.8 million and a total stockholders' equity of approximately \$6.4 million. We expect to incur losses in future periods as we continue to increase our expenses in order to position us to grow our business and incur expenses associated with being a public company.

As of March 31, 2023, we had \$2,603,540 in cash, accounts receivable of \$230,244, inventory of \$3,467,838 and prepaid expenses of \$1,037,550. On March 31, 2023, current assets amounted to approximately \$7.4 million and current liabilities were \$1.6 million, resulting in a working capital surplus (with working capital defined as current assets minus current liabilities) of approximately \$5.8 million.

On January 27, 2023, we entered into a Global Mutual Compromise, Release and Settlement Agreement (the "Settlement Agreement") with Janelle Anderson, among others, pursuant to which Ms. Anderson has agreed to dismiss her pending lawsuit against us in exchange for (among other things) a cash payment in the amount of \$1,250,000 (less certain attorney fees and relevant taxes and other withholdings) in a lump sum. We recouped approximately \$805,000 of this cash payment from insurance coverage. The cash payment was made at the "closing" of the Settlement Agreement, which occurred on February 20, 2023. See Subsequent Events Note in the accompanying financial statements. The cash payment is in addition to \$400,000 that we previously paid to Ms. Anderson in January 2023 in respect of 2022 bonus compensation earned by her under her employment agreement while employed by the Company. Our cash payments to Ms. Anderson (net of amounts recouped from insurance) have reduced the amount of our cash reserves, current assets and working capital.

During the first quarter of 2023, on March 14, 2023, the Company completed an offering to its stockholders as of February 22, 2023 of the right to purchase up to 6,366,129 units ("Units") at a subscription price of \$1.00 per Unit (the "Rights Offering"). The Rights Offering resulted in the sale of 3,143,969 Units for aggregate gross proceeds of approximately \$3.14 million to the Company. Each Unit consisted of one share of common stock and a warrant to purchase one share of common stock (the "Warrants"). The Warrants were exercisable immediately, expire five years from the date of issuance and have an exercise price of \$1.25 per share. If exercised, additional gross proceeds of up to approximately \$3.93 million may be received through the exercise of Warrants issued in the Rights Offering. The Company expects to use net proceeds from the sale of the Units, after deducting fees and expenses (including dealer-manager fees) of approximately \$2.7 million related to the Rights Offering, to fund its working capital requirements and for general corporate purposes. See note 7 to the accompanying financial statements for additional information on the Rights Offering.

The Company's revenue generated during the three months ended March 31, 2023 represents a 56% decrease from revenues generated in same period of 2022. The Company's operating expenses have significantly exceeded its revenues over these periods. During the year ended December 31, 2022, the Company purchased additional inventory in efforts to mitigate supply chain risks and incurred additional expenses in order to invest in sales and marketing activities and increase staffing and infrastructure to position the Company for future growth. Meanwhile, the Company has put in place several cash preservation initiatives starting in the third quarter of 2022.

The Company currently holds no debt and may need to seek additional debt for financing to sustain existing operations. If adequate financing is not available, the Company may be forced to curtail its growth priorities, take measures to severely reduce our expenses and business operations, or discontinue them completely. Such financing may be dilutive. At the current pace of incurring expenses and without receipt of additional financing, the Company projects that the existing cash balance, when added to anticipated proceeds from budgeted sales, will be sufficient to fund current operations into the third quarter of 2023, after which additional financing or capital will be needed to satisfy obligations. Additional financing may not be available on favorable terms or at all. If additional financing is available, it may be highly dilutive to existing shareholders and may otherwise include burdensome or onerous terms. The Company's inability to raise additional working capital in a timely manner would negatively impact the ability to fund operations, generate revenues, grow the business and otherwise execute the Company's business plan, leading to the reduction or suspension of operations and ultimately potentially ceasing operations altogether. Should this occur, the value of any investment in the Company's securities could be adversely affected.

These factors raise substantial doubt about the Company's ability to continue as a going concern. Our financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Our ability to continue as a going concern in the future will be determined by our ability to generate sufficient cash flow to sustain our operations and/or raise additional capital in the form of debt or equity financing. Our forecast of cash resources is forward-looking information that involves risks and uncertainties, and the actual amount of our expenses could vary materially as a result of a number of factors. We have based our estimates on assumptions that may prove to be wrong, and our revenue could prove to be less and our expenses higher than we currently anticipate. Management does not know whether additional financing will be on terms favorable or acceptable to us when needed, if at all. If we are unable to generate sufficient cash flow to fund our operations and adequate additional funds are not available when required, management may need to curtail its sales and marketing efforts, which would adversely affect our business prospects, or we may be unable to continue operations.

Financing Transactions

We have funded our operations through debt and equity financing, as described in Item 7 (Management's Discussion and Analysis of Financial Condition and Results of Operations) of our Annual Report on Form 10-K for the year ended December 31, 2022 under the caption "Financing Transactions."

Critical Accounting Policies and Estimates

The Company's significant accounting policies are detailed in "Note 1: Summary of Significant Accounting Policies" to the financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2022 and this Quarterly Report on Form 10-Q. The Company follows these policies in preparation of the financial statements.

Off-Balance Sheet Arrangements

We have not engaged in any off-balance sheet activities as defined in Item 303(a)(4) of Regulation S-K.

Accounting Standards and Recent Accounting Pronouncements

See Note 1 to our financial statement for a discussion of recent accounting pronouncements.

Emerging Growth Company Status

Pursuant to the JOBS Act, a company constituting an "emerging growth company" is, among other things, entitled to rely upon certain reduced reporting requirements and is eligible to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. We are an emerging growth company and have elected to use this extended transition period for complying with new or revised accounting standards that have different effective dates for public and private companies until the earlier of the date we (i) are no longer an emerging growth company or (ii) affirmatively and irrevocably opt out of the extended transition period provided in the JOBS Act. Our financial statements may, therefore, not be comparable to those of other public companies that comply with such new or revised accounting standards.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not required.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act), defines the term "disclosure controls and procedures" as those controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to our management, including our principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as of March 31, 2023. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) were not effective as of March 31, 2023 due to the material weaknesses in internal control over financial reporting as described below.

Material Weakness Remediation Activities

Management had previously determined that there were material weaknesses in our internal control over financial reporting resulting from (i) a lack of segregation of incompatible duties based on the limited number of employees responsible for the Company's accounting and reporting functions, (ii) the lack of a properly designed control or process in place to reconcile the inventory deposit accounting in a timely manner; (iii) a failure to consider the gross versus net balance sheet treatment for the settlement and related insurance recoverable resulting in a material adjustment to gross up assets and liabilities, (iv) a failure to evaluate the performance conditions for the former Chief Executive Officer's bonus, resulting in a material entry to record accrued compensation at December 31, 2022, and (v) the lack of properly designed controls to prepare complete and accurate financial statements and footnotes in accordance with US GAAP in a timely manner. In an effort to remediate the material weakness in our internal control over financial reporting described above, we intend to take the actions to implement the processes described below.

Lack of Segregation of Duties. To ensure timely and accurate financial reporting, management is designing processes to keep authorization, recordkeeping, custody of assets, and reconciliation duties separate, and intends to reevaluate its overall staffing levels within the accounting, finance and information technology departments and may hire additional staff to enable segregation of duties.

Accounting for inventory deposits. The current process requires re-engineering to ensure the inventory deposit balance is accurately measured. In the future, the Company plans to communicate with our inventory warehouse vendor to reconcile any discrepancies.

Accounting for insurance recoveries. The Company has gathered and reviewed all applicable guidance regarding the accounting treatment of insurance recoveries. We plan to use this guidance to appropriately record any future insurance recoveries.

Accounting for executive bonus compensation. The performance conditions of bonuses will be reviewed periodically to ensure the Company is accurately recording accrued bonus compensation.

Inability to prepare complete and accurate financial statements and footnotes. To ensure timely and accurate financial reporting, management intends to hire experienced staff to remedy this material weakness.

Once the above actions and processes have been in operation for a sufficient period of time for our management to conclude that the material weaknesses have been fully remediated and our internal controls over financial reporting are effective, we will consider these material weaknesses fully addressed.

Changes in Internal Control Over Financial Reporting

The Company continues to evaluate its internal control framework for further enhancements. There were no other changes in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) during the quarter ended March 31, 2023 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company is engaged in litigation with Timothy Michaels. See Note 12 to the accompanying financial statements.

The Company was previously engaged in litigation with its former Chief Executive Officer, Janelle Anderson. On January 27, 2023, the Company entered into a Global Mutual Compromise, Release and Settlement Agreement with Ms. Anderson, among others, pursuant to which the lawsuit was dismissed with prejudice on March 6, 2023. See Note 12 to the accompanying financial statements.

Item 1A. Risk Factors

None.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

In conjunction with entering into the Settlement Agreement with Janelle Anderson, Rick Nechio and Damian Novak entered into Agreements to Forfeit Shares of Common Stock pursuant to which each agreed to forfeit and transfer back to the Company without consideration 250,000 shares of common stock of the Company held by them (a total of 500,000 shares), to enable the Company to issue the Anderson Consulting Shares to Ms. Anderson without subjecting the Company's other stockholders to dilution. The share forfeitures were effected on February 20, 2023. See "Item 1 – Legal Proceedings - Janelle Anderson Litigation Settlement" for additional information.

The following table provides information reflecting the share forfeitures, which were the only acquisitions made by the Company of its outstanding common stock during the three months ended March 31, 2023.
